

ANNUAL REPORT 2018

A LETTER FROM OUR FOUNDERS

Cuatro Por Venezuela delivers medicine, food and supplies to Venezuelans in need. Our volunteer-run organization distributes hundreds of packages to our trusted network of local NGOs, foundations, hospitals, rural community centers, senior facilities, orphanages, and schools.

In 2018, we delivered **four times** the amount of shipments that we sent in 2017. Our programs focus primarily on medicine, food, formula and school supplies.

In our second year in operation, we have quadrupled our impact, sending more than 60,000 pounds of life-saving shipments to Venezuela thanks to the efforts and donations of people like you. This year has been challenging for many Venezuelans but we have been able to provide relief, joy and support to countless communities. This work would not be possible without Cuatro's donors and volunteers. **From the bottom of our hearts, thank you.**
